Presenting . . .

Bridging the gap

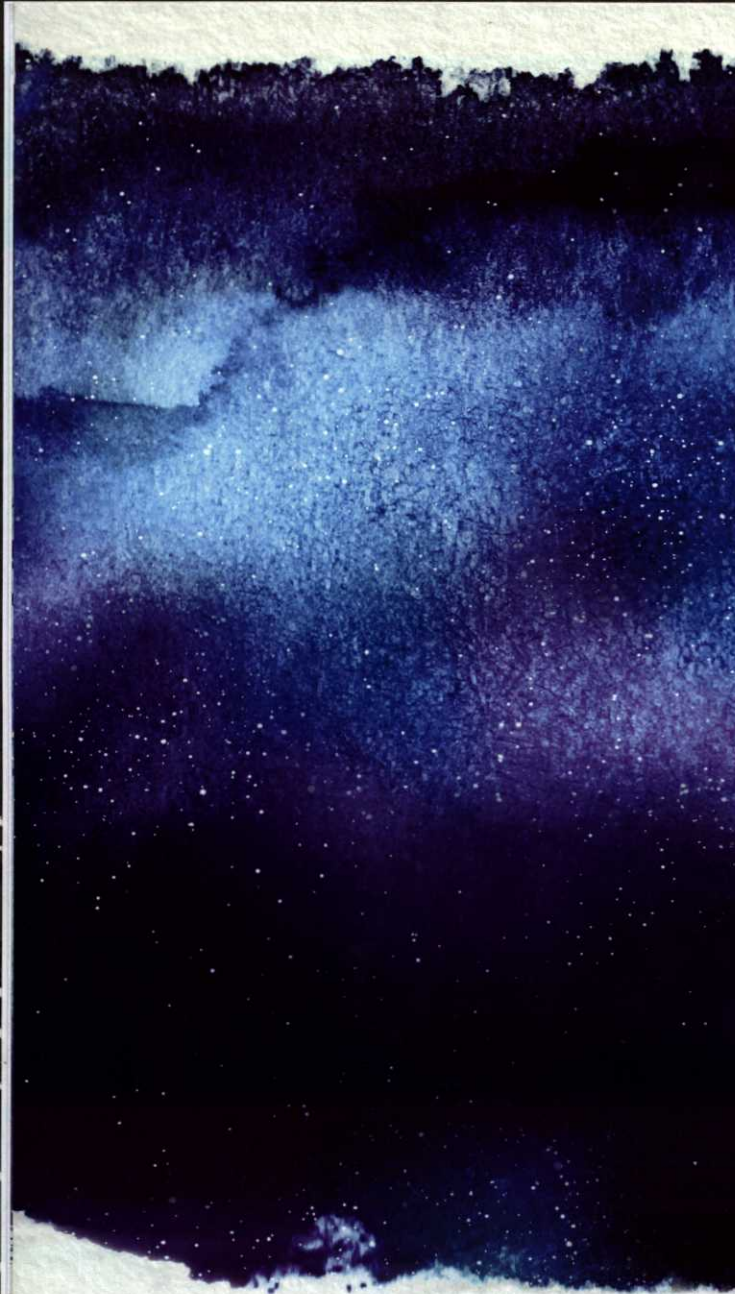

Dear MHS,

From new school facilities to new landmarks in the Quad Cities, we found new exciting ways to "close the gap" and break tradition this school year. Our new hellos also came with some tough goodbyes. Last year we said goodbye to Principal Dan McGuire who left a fantastic legacy for students and staff to remember. This year, we said hello to Principal Trista Sanders: the first female principal at Moline who continues to impress Moline with excellence. This year, the Moline-Coal Valley School District hired a new superintendent, Dr. Rachel Savage, to take the place of Mr. Lanty McGuire. Also, this year Moline high school welcomed the brand new Bartlett Performance Art Center made possible through a partnership between Moline-Coal Valley School District and the Robert E. Bartlett Family Foundation. Since it's opening, the center has enriched the students involved in the fine arts and benefited the community as a whole. The center continues to amaze us with over 35,000 square feet in renovations such as advanced audiovisual and lighting systems, handicap upgrades, and stadium-style seating that improves the audience's view of the stage. These many grand upgrades to the school will soon do great things for the students and staff attending now, and attract outside performers to help enrich Moline's cultural offerings. Our community is also excited to welcome the new I-74 Mississippi River bridge to replace the old one in 2021. Since construction was underway for the majority of the year, the "M" staff decided to utilize this opportunity to showcase the numerous ways our community has been able to bridge the gap. This \$1.2 billion project will include new highway ramps and connecting roads to local roads in Bettendorf and Davenport, Iowa and Moline, Illinois. Construction began in July 2017 and is expected to be complete in 2021. A new bridge is needed to accommodate current and future traffic volumes in the decades ahead. So, celebrating amazing new additions to the Quad Cities and our transition for our students from childhood to adulthood, the "M" staff has decided to center this year's theme around "Bridging the gap."

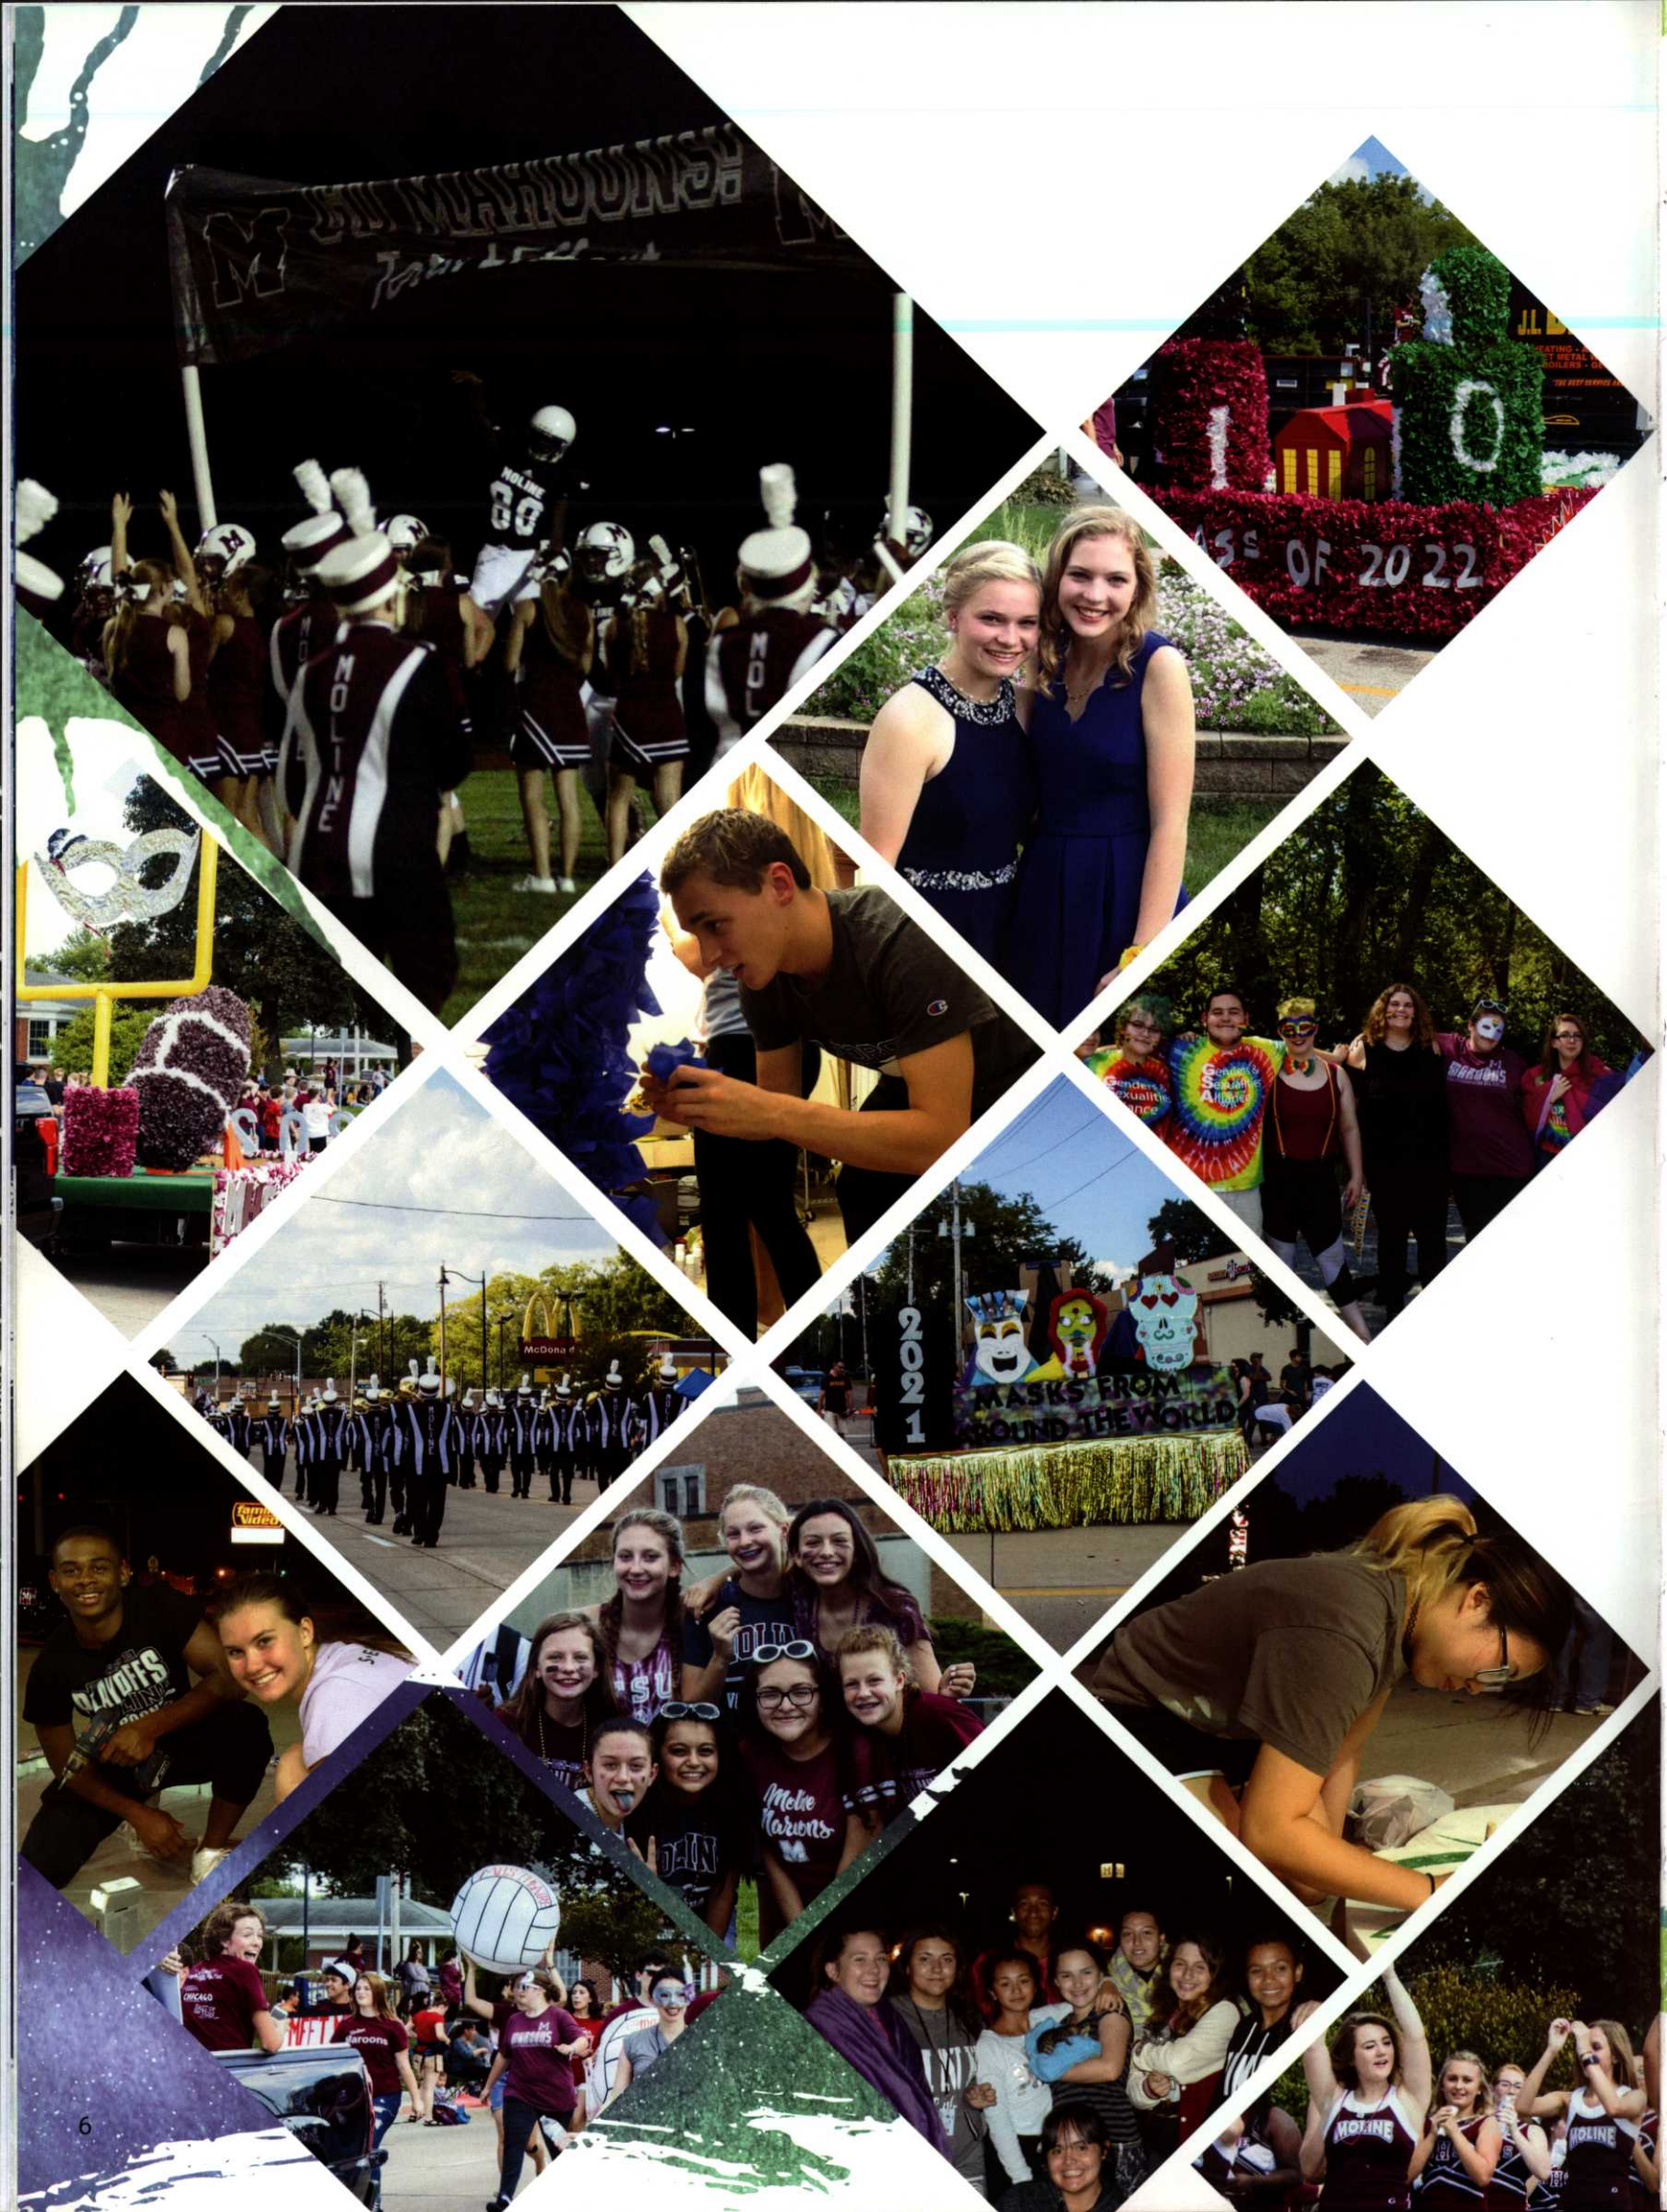

Now, remember the old and embrace the new as Moline's yearbook staff is proud to present the 2018-2019 addition of the "M."

STUDENT LIFE BUILDING BRIDGES

Homecoming Week

Masquerade

The homecoming theme for this year was Masquerade Ball. All week, Moline High School students prepared for Homecoming with themes for every day leading up to the game. On Wednesday, the entire school met at Wharton Field House for the Activities Fair, the volleyball tournament, and one of the most important parts of homecoming week, Coronation. Having everyone in attendance for Coronation really hyped up the excitement for the results! Friday, Moline High School students were let out early so that they could attend the Homecoming Parade on Avenue of the Cities. All of the fall sports and clubs rode or walked the long trek from Moline High School to Wharton Field House with smiles and tons of candy. Not only were the students excited for the big game, but the community was excited as well. Friday night the Moline football team crushed Alleman's team for another homecoming victory! Finally, on Saturday, the homecoming dance was held at the Radisson Hotel to celebrate one of the greatest weeks of the year.

On September 12, 2018, Moline High School held Coronation for this year's Homecoming Court. This year's Coronation was unique because it was combined with the Activities Fair held at Wharton on Wednesday of Homecoming Week. In previous years, Coronation was an after school event that students chose to come to, but this year every student was required to attend. Twelve senior girls and twelve senior boys were selected for the Court based on votes from an online poll from the student population. For the 2018 Homecoming, Isaac Martinez and Lexi Golden were crowned prince and princess while Aaron Dewilde and Isadora Randall were crowned king and queen.

VOLLEY

Fall Show

GIRLS

DUE TO THE AUDITORIUM BEING

RENOVATED AT MHS, Volleygirls, our fall play, had to be performed at John Deere Middle School. This was an extra obstacle for the cast and crew to overcome for the show, and the predominately female cast had to learn how to really look like a cohesive team. Peyton Robertson played the volleyball captain, a senior who wanted to end her last season on a high note. Although the team was known for their losing streak, she recruited new members and pushed the girls each day to become better. Through hard work, determination, and learning how to work together, the team managed to overcome hardship in order to win the big game against their rival school!

Emerald Pierson, Lauren Parker, Ben Klocke, Madison Rhea, Zoe Zelnio,

Madison Rhea, Olivia Franks, Elizabeth Silvers

"It was really fun watching the cast members develop and adapt to match their character but also create a character of their own."

-Zach McCloud

"It was hard to be away from our home but we worked together as a cast and crew to do our best with a different theatre and all of the snow days. It was great to work with a new director and new people."

-Peyton Robertson

WILL HE MAKE IT IN TIME?

With many obstacles in the way, the main character of this play bets the Reform club that he can circle the globe in a mere eighty days. Along the long trek, he meets a few people--the Indian princess Aouda, the detective Fix that believes him to be a crook, and several captains and conductors.

Jade Bovee

Cecilia Ortega, Cheyenne Rodriguez, Amanda Rotramel

The crew of this play took on the challenge of creating scenery of different countries in stride. Not only did they create a train, a ship, and an elephant, they also brought to life the scene of England and the prim and proper feel of the times.

Elizabeth Swofford, Gabriella Goderis, Madison Rhea, Maximus Collins, Cheyenne Rodriguez

This year, Moline High School renovated its auditorium into the brand new Bartlett Performing Arts Center. The addition added new practice rooms and music classroom spaces. The Bartlett Center has an updated sound system and seating arrangement in the auditorium itself. Meet Me in St. Louis was the first MHS production

to be held in the new Bartlett Center and was set in St. Louis at the turn of the century. This musical describes a family caught in a dilemma of whether to stay in the city they love or move to New York for the father's new job. The four daughters in the family learn lessons about love while preparing to move.

THE DOUGH

WE RAISED

This year with the combined efforts of the National Honor Society elves, businesses like Whitey's and Happy Joe's selling their products, and several different departments and school clubs, we raised \$46,981.73 for families in the Moline community who cannot afford new winter clothes on their own. Our original goal was \$40,000 and we exceeded that by \$6,981.73. Keep up the good work, Maroons!

Leaving MHS The Next Step

Mary Nelson

19 Years

"I plan to avoid planning :) I hope to spend more time with my family, travel a little to see family and friends, work in the yard and around the house, and avoid the I74 bridge as much as possible."

Allison Ryser

35 Years

"In my retirement, I hope to enjoy my family, travel, read, exercise, and volunteer."

Monica Gregg

23 Years

"I plan on spending more time with my baby grand daughter who was born last September. I also would like to get back into scrap booking, painting, and doing yard work. Of course it goes without saying I also would like to get some SLEEP and not have to drive in bad weather!"

Lyle Goldensoph

26 Years

"As you go through life you will have many choices everyday both in work and in your personal life. Do what you feel is right regardless of what others think. As long as you can look in the mirror everyday and say to the person looking back, 'I gave it my best and I did what was right,' you will never be wrong."

MaryAnn Hanavan

23 Years

"Jeremiah 29:11 'For I know the plans that I have for you,' declares the LORD, 'plans for welfare and not for calamity to give you a future and a hope.'"

The Languages

Les Langues

Los Idiomas

The students of MHS all have different backgrounds, cultures, and passions. What better way to express that than language? The Latinos Unidos, French, and Spanish clubs at MHS work hard at representing these unique qualities about us all.

Latinos Unidos was a great opportunity to learn about the different cultures in Latin America. Some of the best memories were made during the year from making a pinata and breaking it to making some sugar skulls for Dia de los Muertos.

KEAIRA SWANSON

From your first day of kindergarten, we have always prayed you would be the person you are today. Whether faced with challenges or situations hard to comprehend, you stand before us, a young lady who has conquered and persevered with the strength of God.

May your dreams show you God's plan all along.

Thank You!

The 2019 "M" Staff would like to thank the following for all their help in creating this year's book:

Jo Ann Newberg and Nicki Lambrecht for putting up with us in the bookstore, Elmer Hallgren for having to clean up our messes in the pub, everyone on the yearbook staff who worked endlessly to finish on time (We did it!), and all the students who let us take their pictures and trusted us to put them in the yearbook.

Enjoy the book!

Farewell

If you have been to any of our school functions, you probably have seen Superintendent Lanty McGuire standing in the crowd. He has been a positive presence for our school district and has worked hard to help bridge the gap for all students. We thank him for his years of service and wish him well in his retirement.

Superintendent McGuire

"I am a lucky person to have worked with so many outstanding people and that makes it hard saying goodbye. I am grateful for the career I've had but as Dr. Seuss said, 'Don't cry because it's over, smile because it happened.'"
